Florence Dome

The Florence Dome, seat of the bishopric, was the third and last Cathedral to be finished in Florence in 1412 and given the name Santa Maria del Fiore or "Holy Mary of the Flower".

Fortezza da Basso

Built on the outskirts of Florence only a few minutes away from Hotel Orto dei Medici one can find the monumental complex of the Fortezza da Basso.

Uffizi Palace

The Uffizi Palace is a major point of interest in Florence and we recommend it highly, when suggesting places to see, to our guests at Hotel Orto dei Medici.

Ponte Vecchio

We recommend that our guests at Hotel Orto dei Medici visit the picture postcard bridge of Ponte Vecchio.

The oldest bridge in the city, originally built in wood on piers of stone by the Etruscans, it crosses the Arno River at its widest point.
